

# ESG Screening on investRFP

The new regulatory ESG requirements which will have to be met by investors require a cost- and time-efficient solution to avoid becoming a hurdle. investRFP supports you in sourcing and evaluating information on ESG factor integration by your current asset managers.

The screenshot shows the investRFP web application interface. At the top, there is a navigation bar with links: Dashboard, Requests, Messages, Templates, Asset Managers, and Settings. Below this is a search bar with the text 'Searches /' and a 'Preview' button. On the left side, there is a sidebar menu with options: Main Information, Search Description, Questionnaire, Peer Group, Team, Preview, and Draft or Submit. The main content area is titled 'Request Type' and contains a 'SELECT TYPE' dropdown menu. The dropdown menu is open, showing options: Fund, Manager, Due Diligence, Service, and ESG Screening. The 'ESG Screening' option is highlighted. To the right of the dropdown menu is a 'Search Asset Class...' input field.

- Obtain unique and specific information on ESG factor integration by your asset managers;
- Compare the ESG-competitiveness of your asset managers with peers;
- Have your own ESG Screening Ranking based on your (optionally, weighted) scorings;
- Use the customizable default questionnaire, optionally access further ESG questions (PRI, investRFP) on sector and topic level or/and use your own ones;
- Create customized One-Click Reports;
- Prepare for the upcoming regulatory ESG requirements by exploring the ESG status quo of your investments;
- Digitize your ESG Screening process to experience further platform benefits (more information in Primer);
- All services are free of charge for investors.
